*Declaration of  
Peace and Sovereign Integrity*

To all Life on Earth and all inhabitants thereof, to all levels of existence throughout the Cosmos, to the local and galactic realms and beyond, to all to whom these Presents do, shall, or will pertain. This is a Declaration to all of existence that comes from the Hearts and Souls of the People, the Living Beings as embodied souls in corporeal form (Corporeal Souls), of the hominid races known variously as Mankind, Humanity, and Human Race. We herewith declare that Peace is and has always been the Substantive and Inherent Right of all of Life in this world and the Inheritance of all Living Beings<sup>2</sup> as the true Living Beneficiaries of this world – therefore, we declare this for our

<sup>1</sup> Formerly PanTerra D'Oro, our name change was put into effect in October 2022 and better reflects our society and its Mission, Purpose, and Intentions as herein expressed.

<sup>2</sup> Why do we use “Living Beings” instead of human beings? It is because the phrase we all commonly use to refer to ourselves as human beings is really an embedded trick, another hook of language and legal manipulation. Our language has been so debased and misdirected that we have allowed ourselves to be called “Human” Beings without knowing or realizing what that really means. In law books and legal dictionaries, our common conversational language has been twisted and obscured. In a law dictionary, “human being” is defined as a “monster”. When we then look at the word “monster” in the same dictionary, we find that it is defined as “one without inheritable blood”. In other words, it means that one so defined cannot inherit land, and thus is acted upon as being a “landless peasant” or a “serf”; beholden to some foreign lord or faceless bureaucracy enforcing an endless array of codes and statutes. Why is this so important? Because those who do not have standing on Land do not have capacity in Law, nor can they state a claim for their true equitable interests and beneficial rights, and as well do not have true unalienable, substantive, and inherent rights. Landless

current generation, for all alive today, and for all future generations. We declare that Peace is now ours and we put forth this Declaration of Peace and Sovereign Integrity for all of Mankind<sup>3</sup>, for all to embrace who wish to combine their Will, Purpose, and Intent together to build a world that works for all of Life in balance, harmony, and equanimity.

We, the Living Beings that have come together to form our House of Peace and Society for Life, have committed our Hearts and Souls to the Sovereign Integrity of all of Life, of every Living Being, of all Living Systems in this world and beyond. We commit ourselves to Honor and Respect all living expressions in this creational field called Earth, established on the premise that all Living Beings of the races of Mankind shall know a true and everlasting peace in this world and that it shall radiate out to all worlds, all systems, all universes, and all expressions of creation, to be a beacon and an eternal resonance that stands for all of Life throughout all of Creation. This House and Society is now to be known as PanTerraVida, formerly known as the PanTerra D'Oro and the D'Vida Societies, now combined and integrated as one House and one Society that stands for all of Life, for every Man and Woman – inclusive of all life choices – all Boys and Girls (also referred to herein as Young Beings, Sons and Daughters, or Young Ones)<sup>4</sup> arising to the dawn of a new era, and honors in full co-creative expression the masculine (directive) principle and feminine (regenerative) principle in all Beings.

serfs do not have access to true law and are essentially slaves existing above the lands that our ancestors once called home. Without true law we cannot state a claim and we cannot claim our true rights and the equity of our own private ancestral estate. This is why you will find many references in this document that refer to protecting the People and the Land, and why we encourage everyone to learn about these things in our online education materials. Knowledge is power and this is all about reclaiming our power to direct our own lives and build a better world. (NOTE: The above reference to legal dictionary entries of “human being” and “monster” must be modified now as we have discovered a real time Mandela Effect event. It used to be the case that those words and phrases were in most law dictionaries and then, during the writing of this document, we looked and sure enough, those entries aren't there anymore. But, we assure the readers of this document, they were there before, and the definitions and inferences remain true nevertheless.

<sup>3</sup> The use of “Mankind” is as a generic term that is inclusive of all genders, races, and life choices of all Living Beings.

<sup>4</sup> We choose to call boys and girls as Young Beings, Young Ones, Sons and Daughters, or Boys and Girls, rather than “child” or “children” or “kids”. Kids are baby goats, made to be scapegoats akin to sacrificial lambs in the now receding world of death and destruction, words created with hidden meanings in esoteric systems of language and linguistics and ritual. The word “child” is derived from “cild”, which is pronounced “killed”. We will not be scapegoats or sacrificial lambs or killed anymore, and we will always stand resolute for the Sovereign Integrity of the young ones that they may grow up to maturity in a world that is safe and secure, a world that is filled with joy and gratitude and enthusiasm so that they may step into maturity as whole, Source Connected beings, as Co-Creators in a world that honors all of Life.

PanTerra connotes “Across all the Earth.” Terra refers to the Land. Vida is Life. Combined together this is the expression of the Land and Life, the Earth and the People. This is our declaration dedicated to the principle that all Life is sacred, that every living being in all forms and all living systems are cherished, and that all are unique expressions of the Ineffable Essence of Creation known by many names but that is ultimately nameless. This Ineffable Essence of Creation is only truly known within the inner sanctuary of every Living Being’s own Heart, through their own private beliefs and personal conscience, secured in and with the Sovereign Integrity of every Man, Woman, every Boy and Girl. We affirm and uphold the principle that all Beings are uniquely their own, while at the same time imbued with the knowing that we share the same universal Breath of Life that we may all live and thrive and laugh together.

This Declaration is dedicated to every Living Being in this world with the intention that every one of us shall have a Life of Integrity, Honor, and Respect – a life of Dignity, Fulfillment, and Creativity. Only when all lives are secured with the preservation and protection of all rights for a life of fulfillment, prosperity, and abundance, in real terms, not in false ideologies and empty promises, shall Peace be our True Right of Inheritance. We have come together on the foundation of these principles, to work tirelessly and resolutely, to see this done in our lifetimes – for Ourselves, for our Sons and Daughters, for all Living Beings, and all living things. For this do we stand, and to this do we Declare!

Therefore, we, this Living Body known as PanTerraVida, dedicate this Declaration of Peace and Sovereign Integrity to all the People and all of the Land, that we may all feel the living soil under our feet and breathe the fecundity of the Earth and the Air and the Waters all around us, and to know Fire within our hearts filled with the joys of Life. We stand as the living body of this House and Society and we have come together for this purpose. We declare this today and we declare it every day. We dedicate our lives and our honor to these principles. We stand ready to undertake the great work of restoration and renewal before us. We put forth our Will, our Purpose, and our Intent that such an ideal as Universal Peace and the Sanctity of the Sovereign Integrity of all Beings shall be realized in our time, in our lives. This is our bequest that this shall be grounded in the living

soils and waters of our world, as the inheritance to and for Sons and Daughters now with us and for all future generations to come. From this time forward, Peace and Sovereign Integrity shall be the *a priori* principles upon which this world shall stand and make manifest.

We raise Our Sovereign Capacity and Our Sovereign Integrity above the polarized din of false dialectics in a debased world of division and control, where Men and Women have been pitted against each other through the manipulation of false and vacuous ideologies that highlight differences instead of honoring and living the principles of Unity and Equity and Integrity. We stand today with this – our knowing that Peace is here now – and we, and all others who wish to join in this universal Declaration of Peace, shall stand for all of the People and for all of Life. It is in the standing and holding of the living presence of these words that we make it real. It is our Right and Duty, and it is our Purpose and Intent, directed by our Will, to see this realized in our lifetimes, and thus we step forth boldly and resolutely to Declare this as done, and so it is!

This Declaration and our Will stands firm and resolute. We require no outside authority, no presidents or kings, no parliamentary lords or priests of every ilk, to approve or confirm our Status, Standing, and Capacities that We herewith so declare. We recognize that it is the People, the Living Beings of this World, that are the embodied authorities as microcosms of universal principles, the Co-Creators of our World and our reality, that have the Power and the Authority to stand for what we have herewith declared. For far too long we have delegated our Power and Authority outside of ourselves to those who profess to serve life, but in fact only profane it. Our Power and Authority have been externally projected outside of ourselves, to our dire detriment, and that of our posterity, and we now stand firm that this shall not be allowed now, or ever again. All such precious things that hold the life force of true Source Connection, through which Creation itself flows unimpeded, that sustains and nourishes this creational field known as Earth, are the true powers and authorities upon which our world shall henceforth be founded. Our world will be a place where Peace is the foundation and Sovereign Integrity is the principle. We claim our unique signature frequencies (our unique identities) as our own, that require no outside authority to approve, license, grant, dispense, or permit such expressions as we wish to bring forth in our lives. With this knowing –

with the most paramount authority that we claim, hold, and sustain – We Declare the Peace that is the Absolute Right of all of Life, and the Sovereign Integrity that shall be protected and preserved for all Living Beings.

We claim our standing on the Land that is our inheritance, for it is the fecundity of the soil that nourishes and nurtures our lives – the Land is the Inheritance of this and all future generations. It is the Gift of Life for all who are living today and all future generations. Our languages have been distorted and we have been lured into the lassitude of not knowing what we say. We are led astray through legal obfuscation and double speak by those who seek to entrap us and harvest our life force, our creational capacities, when we unknowingly misinterpret legal intentions when we say what we say or write or even think. Thus, we now reclaim our language and redirect our words to be the language of the living, the words of life, and not the legalistic aberrations of a cult of death that has ruled this world for far too long, run by Machiavellian princes that use trickery and methodologies of divide and conquer to amass the wealth of this world to their own distorted and perverted agendas.

Those narcissistic and self-serving agendas are becoming more clearly revealed as the cause of serious harm to all of Life in this world, and we herewith step boldly forward and declare that such agendas are coming to an end. It is our time to reclaim Life, to ground ourselves with standing on the Land, in our own Law Forms that honor Life, and most importantly, to claim our Living Estates and our equitable interests, to preserve and protect our beneficial rights, for we are the true Living Beneficiaries of this world and the inheritors of our ancestral estates. This we do now, for Ourselves, for our Little Ones, for all Men, all Women, and for all of our Sons and Daughters. We will not be scapegoats or sacrificial lambs anymore. We do this for all the Living, as a House of Peace and a Society for Life, now known as PanTerraVida, for the People and the Land – for Life. We celebrate Life with every breath we take, we honor Life with every step we make, and we embrace the wonder and the awe in the abundance all around us, in every little thing and in every blade of grass.

This Declaration of Peace and Sovereign Integrity is the expression of a Planetary Imperative that has now arrived, to its own moment. It is in this ever-present moment of Now that this Declaration

is set forth, with the intention to fulfill the promise that we have all known and held in our hearts, through the very long dark night of the soul that we have endured. It is a promise that every Living Being, even in the direst of circumstances, has maintained deep in their hearts, that one day we would all be free. We dedicate this expression to those who have long suffered, to every mother and father that have wept for the suffering of their Little Ones, who have stood hopelessly and helpless, unable to provide for their loved ones in a world gone mad. We now declare that this Planetary Imperative to right every wrong and to balance every equity has arrived and we commit ourselves to now engage the work that must be done to heal our world. We invite all People to join us in this Intention.

We declare that the Moment is now to usher in a new Era of Peace and Prosperity for all of Mankind – for every Man, every Woman, and every Boy and Girl – for all who wish to choose Life over death and whosoever wishes to do so within the Protections and Immunities of this House and Society, or wherever two or more come together in their own House or Society, that we may all join in celebration and thanksgiving for the jewel in our Hearts - the Gift of Life. This document, when properly made a matter of Record, with standing on the Land and Authority in the Law, provides the Protections and Immunities of the highest authority in all of Creation – the Authority of Life.

This is our gift to the world, to all who choose Life, inclusive of the Natural Order and the plant and animal domains. It is our Will, Purpose, and Intent to secure the Law for the People and to return Equity to the Land. We are committed to return the Air, Rivers, Oceans, and Seas to their original pristine condition, so that we come together, working as a unified Force of Creation, with our Will and Intent guided by our Purpose to return this Earth to Her proper status and standing amongst the stars as a domain of peace, purity, and plentitude.

With this Declaration we herewith affirm the Protections and Immunities that are the Absolute Right of all Living Beings, pursuant to our inherent, substantive, and unalienable right of Self-Determination, preserved within our Sovereign Integrity and our Capacity to claim our lives, our estates, our lands, our bodies, and our birthrights, and to do so for those under our own

protective care. One must only step forward, stand straight with feet upon the ground, and make this declaration one's own to achieve such a thing. Read it out loud by oneself or with others, in a quiet space or in nature or wherever else. PanTerraVida is a resonant frequency that is not owned or controlled by any one being or any group of beings. It has established itself as a model and template for all others to emulate in their own unique fashion and expression.

This is and always will be a Living Declaration for the People and the Land. It is and always will be for the healing and the cleansing of our bodies and the Earth. It is and always will be for the revivifying frequency that is sweeping the Land as an emergent force that will vanquish death and disease and destruction. It is and always will be about Service to Life, Stewardship of Value, and Responsibility for all that makes Life whole. It is firmly established upon the four sturdy stanchions of stability and support, in true Sovereign Integrity - Self-Responsibility, Self-Generation, Self-Correction, and Self-Direction - the four principles of Sovereign Integrity that guide one's Life. When one takes these four principles to heart and directs them with one's own Will, grounds them with one's own Purpose, and empowers them with one's own Intent, one achieves, holds, and engages with Life as Sovereign Integrity. We, as PanTerraVida, embrace these principles and teach them to ourselves and each other and to our Sons and Daughters as a Living Legacy for this and all generations to come.

We hereby affirm that henceforward we shall always be guided by the Paramount Cognizance of the Sovereign Integrity of every Living Man, Woman, and Young Being, each as a Living Being who by their own Sovereign Free Will Choice and Volitional Act can choose to remove themselves from the Cult of Death that has been casting a spell of death, darkness, and destruction over the pristine template of Life in this World for millennia and eons of time. It has attempted to hijack the Gift of Life that is the Divine Dispensation for All of Life on this Earth. The PanTerraVida Society stands for Life in service to all of Mankind and the Natural Order of this World and resolutely holds these principles as the highest principle, as Our Noble Expression. We focus on what is Real – the integrity of all of Life – and build our collective strength by so doing, as the illusions fade away.

By this Declaration let it be known that this has been done, and herewith, we invite all into the Protections and Immunities of our Private Society that has been established, now for over twenty

years since its first iteration known as PanTerra D'Oro. We are now PanTerraVida, for the Earth, for the Land, for all Living Beings, for all of Life. We stand in Service, Stewardship, and full Responsibility. We invite those who share our vision and our ideals to join us as members of our society or in strategic alliance in the work that stretches out before us.

Together we can thrive and build a new world that is best for all of Life. It is the intention of this House and Society to support all who stand for Life, so that Life everlasting shall be renewed and revived on Earth and all who choose can be healed and returned back to wholeness. We are at a moment in time when the choice is either Life or death – there is no middle ground. It is a choice to heal ourselves and re-embody the original template of Life that has been so distorted by the Cult of Death. With this Declaration we offer everyone a place of refuge within which we can work together and be protected so that all who so choose Life may eschew the illusions of darkness and death. The time is now, so that each and every one who so chooses shall stand in their own radiance and fullness of expression, embodied in this World, with free standing on the Land of the Living, unfettered by the false illusions of bondage that have held this World hostage for far too long.

Let this Declaration be spread far and wide, throughout all the Lands, to all the Peoples, resounding in all the Hearts and Souls of all who have yearned for freedom, who have cried out for the removal of the bonds and ligatures that have bound the lives and bodies and homes and communities of Mankind. Let it be known to those still wrapped in darkness and confusion, to those seeking answers and solutions to what appears to many, perhaps most, the insoluble confoundment of these Last Days, that the time for healing and resolution has come. Let it be known that such answers and solutions are ready to be revealed and implemented and that this Society will be a leader in the transition from death to Life. Indeed, these are the Last Days foretold, but not the end of this World. Our World is a jewel amongst the panoply of the Stars, a Gem of unbounded radiance in the Crown of Creation. The so-called end of days is the Last Days of a false reality that portended an ending of choice, a termination of the sanctity of Life and the purity of Innocence. Such a false premise intended that all would be seduced into a choice of evil by positing that we only have the choice of a lesser evil, a false dichotomy that nevertheless only provides a choice of evil.

We move forward now to seal the door where evil dwells forever and send it on its way to its own self-fated destination. Evil will never sully the Sanctity and Purity of Life in this World ever again. We offer our Hands and our Hearts to All who choose Life, who can now find sanctuary in this House of Peace and Society for Life. This Society honors and respects the Sovereign Integrity of all Living Beings. This is the impetus for PanTerraVida to come forth to restate its purpose and intentions. On this day of declaration and renewal and replenishment, the seed of Source Connection is germinated in all who have chosen Life, and is waiting for those yet to so choose.

Such a seed of renewal is germinated in all who honor and respect the life force and the Sovereign Integrity and Sovereign Free Will of all Living Beings. Such a seed is the activation of the redemptive capacity to choose Life and reconnect oneself to Source Creation. It is time to not live in the fear of an angry and false template that has posed as the real thing, but is only a mirrored reflection in a realm of simulation. Once that seed is truly accepted and germinated and watered with the Breath of Life, it will grow. As it grows it will shed that which does not belong. It will heal the living substance within which it is planted and it will direct the healing of that substance to return to its original template. We shall be regenerated, to be forever endowed with the wisdom of the journey, in all its sadness and sorrow, but also in its joy and true enthusiasm, imbued with the wisdom gained from the long journey through the darkness, to re-establish our own Source Connection and Creational Capacity. It is the remembrance of Creation itself, how to create, how to co-create, how to honor all of Life.

Our Society has been founded on these principles and on the foundations of Life. It has grown into a powerful House of Peace and we are well situated in many lands. In our acts and deeds, we leave behind the concepts and constructs of hierarchy, domination, control, separation, and polarity. We are a Society in which all are embraced as Sovereign and endowed with the Ineffable Essence of Creation known by many names. Our Society, and the perfected works in Law and Equity in the processes we have brought forward to perfect our status and standing, is a doorway through which all can walk into Life, out of the death grip of Babylon, out of the Matrix of illusion, removed once and for all from the sleight of hand of the death cult in the legal and monetary systems, instituted to

harvest life. We stand for the cognizance and sanctity of the Sovereign Integrity of all Living Beings and of all the races of Mankind. We thoroughly reject the notion that Sovereign Integrity belongs to just a few who wear a crown or carry a scepter, only to feed off of the misery of the People of this World. This is a Society and a House in which all who enter their True Names<sup>5</sup> into the Book of Life<sup>6</sup> are recognized as Whole and Complete, imbued with the Original Gift of Sovereign Integrity and Sovereign Free Will Choice. This is a Society of Ecumenical Universality that recognizes, embraces, and preserves the diversity of faith and the expression of the myriad paths back to Unity.

This House encourages and supports the dissolution of the veils of illusion and separation that have been indoctrinated into the People by the Machiavellian princes of darkness that have held sway over the minds and hearts of men and women and young beings throughout our long journey through the valley of darkness and death.

It is time to come out of the valley of death and to shed the illusions of polarity and separation. Now is the time to embrace each other in a celebration of Life within the Unity in Diversity and Diversity in Unity of All People. This is a celebration of Union and Communion in Life, a celebration of the

<sup>5</sup> What is meant by “True Name”? One might ask “I have my name, it is, for example, John Henry Doe, isn’t that my true name?” The answer to this question can be found within the hidden system of hooks and attachments in the legal system, which uses the artifice of deceit and obfuscation to hide things in plain sight. The name we were given was turned into a franchise of a bankrupt corporation so that we could be attached in financial bondage when we use that name in the normal course of daily affairs. Additionally, the use of a surname such as Doe, Smith, Jones, is one such trick. This links us back to the Roman Civil Law system designed to control the masses through military conquest and occupation that has been in place on this planet for over two thousand years. Roman Civil Law is what controls the masses, who are considered slaves or chattel property in that system. It is the law of the sea and the codes of control through bankruptcy. When we are under that code we are bereft of True Law and Real Equity; we have no rights other than civil rights that are really just privileges that can be taken away. In our usage here, the “True Name” is beyond words, it is the unique presence and frequency signature of our Authentic Self, our True Being, and it is this that we wish to place into the Book of Life as we remove ourselves from the system of bondage, debt and death that currently exists in the world.

<sup>6</sup> The Book of Life in the PanTerraVida Court of the People is different from the Biblical “Book of Life of the Lamb” and is not intended to subvert the reference within anyone’s faith or beliefs of private conscience. The Biblical Book of Life of the Lamb is a reference to a spiritual heart change with respect to the Creator as understood in the Bible. This change of heart and entry into the Book of Life of the Lamb is a private, personal and sacred relationship. We have established the Book of Life in the PanTerraVida Court of the People so that all who make a personal stand to remove themselves from the Cult of Death can establish a record that they are coming out of the Babylonian system of bondage that has enslaved our lives since the moment of our entry into this world. Placing our True Name (the Unique Signature Frequency of our True Being) into the Court’s Book of Life as an act of directing one’s Will and Intent to no longer participate in the Babylonian system of legal and monetary bondage, commonly referred to as the Matrix.

return of Peace to the Lands and purification of the Waters and the Skies of our World. Together we can heal our wounds, purify our homes, and sanctify our Lands once again. This declaration is the True Claim of Right of every Living Being who chooses Life. We must claim it to have our rights, our estates, and our Life. We must claim it to retain it (Life), reveal it to heal it (trauma), and face it to erase it (our own separation from ourselves).

This Declaration is especially directed to the First Peoples of this World, those who are the original stewards of the Land of their forebears, who have been abused and slaughtered and driven to near extinction by the Cult of Death. To you, who are now, and have always been, the Original Ones to whom this Earth was entrusted, who have been mandated to preserve and protect your designated domains from which you were driven by the scourge of darkness that you have perforce had to endure for centuries and longer, to you we offer our Hand in Peace to support the renewal of your Lands and your People. We offer you our humble expression of profound solace and contrition for what you have had to endure for purposes of sheer survival of your People. We offer you our Hands, that in some small way we might assist you in healing the years and generations of poverty, deprivation, and darkness that your people have had to withstand and endure.

It is our paramount intention and desire that the PanTerraVida Society shall be a friend in support of your own self-directed and empowered founding of the pathway for you, the First Peoples, to lift the cloud of desperation you have had to bear, with the thoughts that you might fail to fulfill your stewardship commitment with the Earth. With this Declaration of Peace and Sovereign Integrity we offer a place of Protection, that all First Peoples may utilize to claim their Lands and heal their People, to thereby renew a place where the People, without subjugation, will stand on the Land as equals with all People and with all others who choose the path of Peace. We are a Society without hierarchy, without denominational separation, without contentious polarities designed to divide. We are a House of Mutual Cognizance within the Sovereign Integrity of All Living Beings, of All Peoples, and All Nations, that chooses to lay down the implements of war and pick up the living hands of our brothers and sisters to once again plant the seeds of renewal and replenishment into the Land.

To all who suffer under the onslaught of a presumptive world order that would poison our food and water, that would put forth legal justifications to invade your homes and steal your Sons and Daughters, that would attempt to inject your bodies with noxious toxins in the name of their false gods of institutionalized death, with the express intention to bind your very essence and the genetic integrity of your cells with an electronic invasion to commit you to their intended perpetual bondage of debt and death enslavement, to you we offer this encouragement. You can now secure your bodies and your families and your homes and your communities. To all who know in their hearts that such imperious mandates are not for the health and well-being of their families but are, in fact, an attempt to claim our bodies and the young ones of our communities as monetized commodities, as chattel property, for the self-serving and evil designs of such a false world order, to all of you who have sought protections therefrom, we issue this Declaration as an instrument of liberation, a documentary decree for Protections and Immunities that any and all can use to protect and preserve the integrity of their flesh and souls, homes and communities, and that of their families.

To this purpose let it be known that any and all agents or officers of the public to whom this Declaration is presented must absolutely stand down and desist from their attempts to use presumptive authority to force such acts against the will of the People. Any attempt to force anyone who uses this document, whether that be by medical tyranny, by genetically, chemically, or artificially modified foods that defile the original template of Life, by electro-magnetic fields that are devised to invade us to the core of our sacred Living Estate (the flesh, blood, bones, and DNA of our bodies), and by demonic designs of self-assembling nano-technologies and implanted artificial intelligence, such agents of death must cease and desist immediately upon the presentment of this Declaration and accompanying personal Mandate of Non-Consent.

Accompanying this Declaration and Decree is a template for our Declaration of Sovereign Integrity and Mandate of Non-Consent. This document is designed so that everyone who chooses to make it their own will memorialize their Statement of Intention to walk into Life within the Protections and Immunities of their own Self-Directed Sovereign Integrity, supported by many others who have

done just such an act. It shall be one's protection from all things and intended actions to which one does not consent. Together we can make this a fact as the collective voice of the People.

To All Nation States and Governments of this World, we come in Peace, with no other agenda than to return Righteousness to this World, the Right Use of Will and Intent. Our Will, Purpose, and Intent is to protect and preserve all of Life in this World. We come forth to protect the Life Force of all Beings and with all of Existence. To be clear, we do not presume jurisdictional authority over any nation or people, but we do provide knowledge and the wisdom of a journey by many, a journey of many years, to learn the law, and to comprehend and integrate how we have the power to institute our own Protections and Immunities, with all who choose to walk into Life and enter their True Names into the Book of Life that we have established for all to so enter. We have established the PanTerraVida court as a Court of the People, to return the Law of the Land to the People and to provide a forum for the absolute right of equitable claims and preservation of beneficial rights. This is so that we can return to the highest station with the Right Use of Universal Law and Equity for the True Beneficiaries of this World, who are those now living and all future generations to come.

We have instituted our Court of the People as a Court of Record, which is, by definition, a court proceeding pursuant to the common law. It retains the highest authority, that being the authority of the People, founded upon the time-honored and universally accepted Maxims of Equity. We have established our law form and our jurisdiction in the private standing of our Society on an integrated system of Law and Equity. We provide the protections of the Court of the People for this World. It is the Court of the Living Body, a sacred temple in its own Right, so let it be known hereby that We, the People, are the Living Flesh, the Whole Body of Life, and it is now our time, and this is Our World.

The Declaration of Independence that was expressed as a Universal Declaration for all of Mankind on July 4, 1776 enshrined the principle of Universal Law that government and all sub-divisions and instrumentalities thereof can only remain in existence by the consent of the governed. Therefore, in the herein annexed Individual Declaration of Peace and Sovereign Integrity and Mandate of

Non-Consent, every Man and Woman (for themselves and their young ones) is provided with the means to state his or her declaration of Non-Consent as a binding mandate on the governments and offices of this world, pursuant to any intention one may have to not consent into contracts by veiled offerings through sleight of language, or to be forced through mandates that are not in alignment with one's will. All who choose to utilize this instrument are the Living Beings who have chosen to remove themselves from the Babylonian matrix of death, lies, and manipulation.

These are the People of the Living Body on this Earth who can choose to come into this House of Life, a sanctuary of Peace and Prosperity, and be protected therein. These are the People who choose to establish the Protections and Immunities of their own House, and be protected within the security of their own Sovereign Integrity. Neither shall any Man or Woman, or juristic person, or man-made institution, have any authority to pierce the Protections and Immunities inviolate that we have declared and stood upon for many years now. We have established these precedents for all who walk this Earth, now and forever, who have placed their unique signature frequency upon their own Mandates of Non-Consent, a mandate that is binding within the principles of Universal Law, the higher law of Creation with which we align and concur. Any and all who choose to take the simple steps we have established will thereby demonstrate that they have so declared and caused such declarations to be recorded in the permanent archival record system of the PanTerraVida Court of the People.

The original Declaration of Independence of 1776 declared that it is the right, and it is the sacred duty, for all Men and Women to remove the shackles of government that have become inimical to the principles of Life and Liberty. These very principles are established as the foundation of the PanTerraVida Society, for the benefit of all who choose Life, so that they may enter here, and find sanctuary and solace for themselves, their families, their communities, and whatever social and political compact with which they choose to align, pursuant to the Universal Right of Self-Determination.

By this Declaration, We, the Living Beings as the Sovereign Body Politic of our Society, do herewith

make it known to all, that within our House of Peace and Society for Life We Honor and Preserve the unique identity of All Living Beings. We establish an open door in Peace with all Nation States, all First People Domains, and all People of this World, that all may be so honored, respected, supported, and guided to establish Lives of Integrity and Respect, Lives of Value and Honor, and only bar our door to those who espouse violence and hatred or continue to attempt to institute oppressive systems of dominance and control.

We recognize the Perfection of all Life in every race, creed, and path to unity. We recognize every Living Being as an individuated expression of Higher Principal and Sacred Principle. Every Being holds and expresses their unique life stream of Source and Creation. We Honor and Respect the absolute right of free moral agency, personal conscience, private belief, and expression of faith that each chooses as their own Life endowment, to be fully expressed by one's Sovereign Free Will that is sacrosanct and pure, that no Man, Woman, man-made institution, juristic person, or artificial (non-organic) intelligence can abrogate or deny. We further recognize every Living Being as unique, each being one of the myriad expressions of the infinitude of Life and Eternal Dispensation, and all are welcome who choose to enter this House of Peace and Society for Life.

Most especially we wish to provide the protections and support for Women and their Sons and Daughters throughout the world who have been subjected to abuse, deprivations, and enslavement. We hold as paramount the health and well-being of Women worldwide, as they are the nurturers of Life and the preservers of the safety and security of all Young Beings. These are our Sons and Daughters and they are the Beneficiaries of the future. The PanTerraVida Society shall always have its doors open to those who seek protection and we shall provide refuge for every Woman and Man and every Young Being against any form of mutilation perpetuated under any guise and under any rationale.

This includes the absolute prohibition against non-consensual mutilation of Young Beings for purported religious reasons, any medical intervention by forced intrusion (via contrived health or social rationale), whether by injection or other means, the forced use of drugs or surgeries, and against any treatment contrary to the paramount wishes of the parents. This also includes the

prohibition against the use of unseen weapons utilizing electro-magnetic frequencies, high energy particles, chemical and biological weapons of any kind, and all non-consensual means used to disrupt our natural physiological and energetic integrity.

Concurrent with such protections, we hold as the highest right of all Living Beings the preservation of the freedom to choose healing methodologies for any and all purposes and of any kind, and to reclaim our own Self-Responsibility for our own health and that of our families. We stand on the principle that all Living Beings must be free from the onerous and restrictive mandates of false medical institutions and governments who do not have the best interests of the People in their hearts, but only the dictates of absolute greed in their minds.

Every Living Being in this World has the absolute Right of Self-Determination over matters of their own bodies and that of their Sons and Daughters. This is inclusive of the self-directed power to claim one's own Soul in Freedom Absolute, without the intrusive machinations of corporations, governments, religious institutions, and all other man-made agencies that are subordinate and inferior to the Universal Rights of the People. We recognize that each Living Being is a unique singularity, an embodiment and individuated expression of the Eternal Presence of the Ineffable Essence that is Creation itself. Therefore, to all who present their own Mandate of Non-Consent and Declaration of Peace and Sovereign Integrity to the Archival Records of the PanTerraVida Court, this Society shall welcome and support you and your absolute right to preserve and protect the sanctity and inviolate integrity of each Embodied Living Soul, with which every Man and Woman, and every Boy and Girl, is endowed.

Pursuant to this, we have built our foundations in Law, Equity, and Universal Truth as the principles by which all who choose to enter the PanTerraVida House of Peace and Society for Life shall be able to protect their equitable interests and beneficial rights of their own inheritance, their own lineal ancestral estates. And finally, in matters of Personal Belief and Private Conscience, we embrace all paths and all faiths in this Ecumenical, Universal, Non-Denominational, and Non-Hierarchical House of Peace and Society for Life, and we exclude none except for those

who espouse violence, war, and destruction, in any manner or kind. To the protections and preservation of the Peace, Unity, and Sanctity of our Society, and for all who have read our Declaration, we offer for your consideration a New Principle that guides us forward:

*We Celebrate All Life  
We Honor the Life Force in All Beings  
We Do at All Times What is Best for All*

*So Be It and  
As Declared So It Is!*
